

Student Travel Bursary

Saskatchewan Epidemiology Association

One Health: Bridging animal and human health in public health practice

Regina, Saskatchewan

Symposium: November 9, 2011 Sandman Hotel
Workshop: November 10, 2011 Sandman Hotel

Student Travel Bursaries:

For students travelling to this year's Saskatchewan Epidemiology Association Symposium in Regina, there are 10 travel bursaries of \$50 available.

Symposium:

Dr. David Butler-Jones, Chief Public Health Officer, Public Health Agency of Canada

Having recently participated in the 1st international congress on One Health, Dr. Butler-Jones will provide an overview of how the theme of 'One Health' relates to public health in Canada. His talk is entitled, '**Breaking down barriers and creating connections**'. We are honoured Dr. Butler-Jones is taking time in his busy schedule for this event!

You can also look forward to presentations by:

- ❖ Saskatchewan's Chief Medical Health Officer, **Dr. Moira McKinnon**, providing opening remarks
- ❖ **Dr. Karen Morrison**, Ontario Veterinary College, University of Guelph
- ❖ **Phil Curry**, Zoonotic diseases consultant, SK & MB Ministries of Health
- ❖ **Dr. David Sauchyn**, Prairie Adaptation Research Collaborative, University of Regina
- ❖ **Dr. Tasha Epp** – Veterinary epidemiologist, University of Saskatchewan
- ❖ **Dr. Greg Douglas**, Saskatchewan's Chief Veterinarian, Ministry of Agriculture, providing closing remarks

Workshop:

Applying a Population Health Perspective to Health Planning and Decision-Making

Canadian Population Health Initiative, Canadian Institute for Health Information

Keynote:

Dr. Saqib Shahab, Saskatchewan's Deputy Chief Medical Health Officer, will start the day with a presentation entitled, '**The changing demographics in Saskatchewan: considerations for population health assessment**'

Workshop overview

This workshop focuses on practical aspects of bringing a population health lens to program-planning processes. It is assumed that participants will have a basic knowledge of the concepts and principles of population health covered in the CIHI e-module, An Introduction to Population Health. The workshop consists of a mix of presentation and group activities. Participants work in groups to map health issues using a modified social ecological model and to consider the types of interventions that may be best-suited to their own practice settings.

For more information regarding the symposium or workshop, including how to register, visit our website at www.saskepi.ca

Student Travel Bursary Information

General Information: A number of Student Travel Bursaries will be awarded to students needing to travel from outside Regina to attend this year's symposium. These travel bursaries will be presented at the time of the symposium as a flat award of \$50.00.

Eligibility: Students must be full time students registered in an institution not located in Regina. Students must register and attend the symposium, the workshop or both.

Application: Fill out the information required below and send to:

Saskatchewan Epidemiology Association c/o Briana Hagan
BOX 314 RPO University
Saskatoon, SK, S7N 4J8

Or, send a completed form by e-mail to: Briana Hagan (bnm458@mail.usask.ca)
