

# SAVE THE DATE

September 25 & 26, 2024 | Regina, Saskatchewan

Join us for two days in the Queen City for:

- Presentations from experts in human, animal and one health.
- Opportunities to network with human and animal health specialists working in epidemiology, surveillance and public policy from SK and other provinces.
- Hands on workshop training on September 26, 2024.

**23<sup>RD</sup> ANNUAL FALL  
SYMPOSIUM  
(September 25, 2024)**

**“Public and  
animal health surveillance in the  
age of big data and a shifting  
privacy landscape”**

Stay tuned for more details on the event | Find us at <http://www.saskepi.ca>
